

# W.P.T. Workshop Summary

- ### my community
- daycare for all needs
  - affordable housing
  - integrated neighbourhoods (jobs, services, pop. mix, sense of community)
  - available transportation
  - urban gardens

## getting around & priorities

- access to transportation (price, physical, system)
- design (safety) and planning for those who need it.

- ### my place
- housing as a right (access, affordability)
  - dignity of occupant
  - recognition of special needs of women and subgroups of women

- ### feeling safe & healthy
- air, water, chemical, radiation, pollution.
  - change attitudes of politicians; planners, police
  - safety, street lighting, nights, underground garages, transit

- ### finding understanding and support
- self validation, concerns are valid - leading to action not guilt
  - finding spaces and opportunities to bond (counter isolation)
  - dealing with societal rejection + negativism
